

Quick Guide for Multi-factor Authentication

You'll need to use a registered phone with Multi-factor Authentication, powered by Duo, before you can access many of Northwestern's administrative systems.

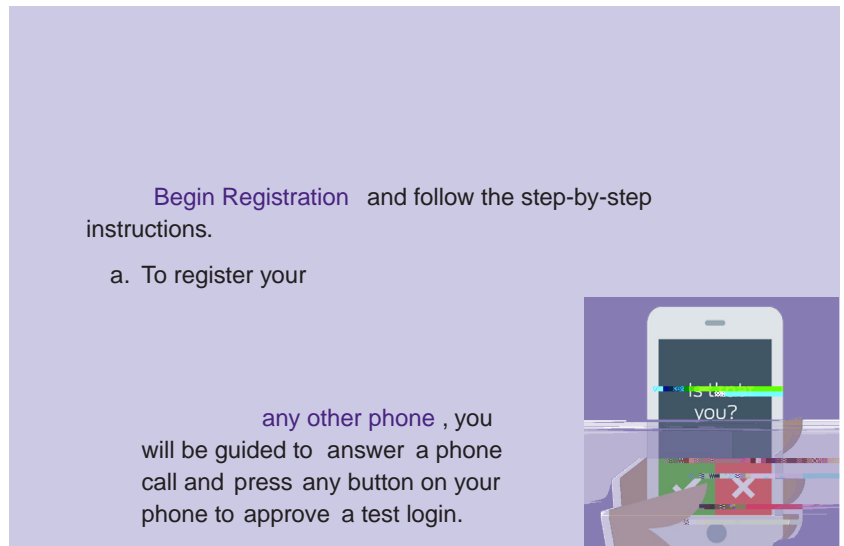

Register Now For:

- Secure access when you are away from the office, abroad, or in locations with no mobile or Wi-Fi access.
- Peace of mind that access to your personal information can only be authorized by you.
- Additional protection of University data even if someone learns your NetID password.

Registration Tips

time of registration.

- 5 It's a good idea to register another phone in case your primary phone is unavailable.
- 5 If you registered your phone with MFA to access FASIS or NUPlans, you don't need to re-register.
- 5 Domestic (U.S.) numbers : you do not need to enter +1 or the parentheses.
- 5 International (non-U.S.) numbers : enter +, your country's telephone code, and your phone number.

Check Your Registration Status

Try confirming your identity on your primary phone: northwestern.edu/mfa-test

- If you don't have a phone registered, you will be directed to the registration process.
- If you don't receive the notification, check the settings on your phone or reactivate the Duo Mobile app on your smartphone.
