

- Exact Amount : If you select this option, the full amount of your available funds will be released to you at once rather than receiving the full amount early; this may help you manage your budget. Contact the financial aid office for an estimate of your available funds. The full (lesser) amount of your available funds will be released to you per student; you may request your remaining funds through a subsequent release.
- x Maximum Amount : If you select this option, the total amount of your available funds calculated for you after your NU invoice has been issued will be released to you at once.

#### Delivery of Funds:

- x Direct Deposit (processing time: 1-2 business days)  
Direct deposit for financial aid is different from work-study/payroll and must be set up separately:  
CAESAR > My Account > Set Up Direct Deposit
- x Permanent Address : (processing time: 7-10 business days)  
A check payable to you will be mailed to your permanent address. Your permanent address in CAESAR must match the address you indicate on the Release of Funds form. Lost checks cannot be reissued for 30 days.
- x Power of Attorney (processing time: 7-10 business days)  
A check, co-payable to your Study Abroad Power of Attorney (form completed separately), will be mailed to the address indicated on that form. This option is only available if you will be unable to access your own funds directly (e.g., already abroad with no access to domestic bank account).

If you will be abroad for more than one quarter, you must complete a separate Release of Funds form for each quarter.

Your physical (pen-to-paper) signature is required. Typed or electronically drawn "signatures" or signature images cannot be accepted. Return your completed form(s) to Undergraduate Financial Aid via scan/email, mail, fax, or in person. Faxed or scanned copies must be high-resolution
