Office of the Provost

Please indicate below the dates when the majority of the department is unavailable for scheduling a review visit (e.g., departmental conferences, chair or key department leaders are out-of-office). The Academic Program Review team will coordinate schedules with the external reviewers, Dean, and central administration. This calendar will be used to determine viable options.

If at any time there are significant updates to the department's non-availability, please contact our office at program.review@northwestern.edu as soon as possible.
